

SUPPLEMENTARY FIGURE

Supplementary Figure 1. Intrinsic connectivity networks of caudate nucleus (CN) subdivisions in PD. (A) CN head network; (B) CN body network; (C) CN tail network. Results were illustrated at uncorrected voxel-wise height threshold of $p < 0.001$ combined with an FWE-corrected cluster-wise threshold of $p < 0.001$. Abbreviations: PD-OFF, PD OFF-medication; PD-ON, PD ON-medication.
